ADVICE TO  
BEAUTY SEEKERS  
Miss Jeanie E. - A reddened nose is remedied by frequent bathing with alternate hot and cold water. Do not eat highly spiced foods.  
Many faces - A combination of a crown's feet and freckles at your early age is rather unusual. Would recommend for both a simple preparation of lemon juice and water. Rub this on the face and neck and face clean, and is highly satisfactory. Follow directions on the package for a few weeks and you will be well pleased with results. It is absolutely harmless, guaranteed, and may be obtained from your drug store or direct from the Willamette Cream Company, Charleston, S. C.

## DAVID A. WELLS

the famous free trader, once told a friend, "If I had left my money in the Savings Bank I would be worth a great deal more."

Evidently he made some investments that did not turn out profitably. Thousands upon thousands have had the same experience. Mr. Wells probably had an acquaintance with as many men of affairs in his day as any citizen of the country, so if he would have been "worth a great deal more," isn't it a good plan for you to leave your money in the savings bank.  
This bank solicits deposits and guarantees the depositors a safe, sane and conservative management, according to the law.  
Savings banks can only invest in such securities as stipulated by law.

## Tributes to Dr. W. E. Hyde.

"Citizens, in reviewing the career of Dr. W. E. Hyde, paid many tributes Monday to a man who is conceded by all to have been one of the most able and who has made this town his home for so long a period. His unusual talents and mental brilliancy, while always admired and recognized upon, seem never to have found full expression of cooperation until this time. A general estimate of his character and of his great natural qualifications have indicated that in a larger field and with greater opportunities the prominence he would have attained must have been highly notable.

counsel relative to important matters of public policy was always comprehensive and valuable, clear and logical. Time has frequently demonstrated the strength of this trust, his wisdom, not only by those things that have been done along lines which he advocated, but as well by the failure to adopt measures and courses that his exceptional foresight revealed to him as proper to espouse.

An institution that owes much of its present fitness and value to Dr. Hyde's interest in its development is the public library, he having been one of the members of the town's library association, of which the fine library now possessed by Danielson is the outgrowth.

Four years ago he became a Putnam and entered the employ of D. Smith & Co. in the meat business. At that time he has since been engaged here, Smith & Co. ultimately sold out to Randall & Co., this partnership including John Randall, Mr. Pray and E. Pray. Mr. Pray was twice married, the first time to Miss Sarah Faxon in 1860, who died in 1880. He died March 19, 1912. His second marriage was to Miss Mary Farmer of Putnam, October 16, 1887.
